## RAPC Meeting

September 14, 2023; 10am-12pm PPT

	<p><i>Getting ready for Summer 2024 - October 31<sup>st</sup> showing deadline. The metrics should be the same as last year. Working on BPM 108. Ensuring individuals have all of the information and documentation they need in order to move forward effectively.</i></p> <ul style="list-style-type: none"> <li>- Operations Workgroup – Ryan R. <i>User led participation forum started this week to discuss readiness in the second hour of the Operations WG. WPP stresses the need to have technical representatives on this call. Request from executives in July to draft a report card for Operations readiness. Reports on how prepared and confident entities will be to send data. WPP will be sending individual emails to each entity's RAPC and Operations group to work on creating these documents. WPP has been meeting one-on-one with participants to identify obstacles to implementation.</i></li> <li>- Storage Hydro User group – Steve B. <i>Working through process to understand how forced outages get treated in the operations program. Discussing what gets submitted in the Storage Hydro QCC workbooks. Next RAPC meeting interested in presenting information that may be upcoming in BPMs.</i></li> <li>- Single-Entity Subregion Connectivity – Rebecca <i>Working to synthesize discussions into a one-pager document for review. Will come to RAPC as a concept paper in late October – comes with potential tariff changes.</i></li> <li>- MBR Workgroup - Mike W.</li> <li>- Market Impacts on Sub-Region Connectivity Workgroup – Tyler M.</li> <li>- Long-Term Metrics Workgroup – Philip P. <i>Concept paper coming to the RAPC as a next step.</i></li> </ul>
