Western Resource Adequacy Program
PRC Task Force 01 – DR QCC Meeting
January 9th 2026; 10-12am PPT

Meeting Objectives

1. Update on Demand Response QCC Tool(s) and discussion of DR Capability Testing Requirements

Meeting Agenda

1. Demand Response QCC Tool(s) Functionality Status
   - Daily/Weekly/Monthly (hourly) dispatch constraints
   - Fatigue functionality for all dispatch constraints (distinct tool)
   - Blackout functionality (hour, day, week, month) for all constraint permutations
   - Increased useability (clearer inputs/outputs)
2. Resource Testing in the WRAP Tariff
   - Testing in the BPMS
     i. Operational
     ii. Capability
   - Link between testing and QCC
   - Current DR Testing Requirements
   - Future DR Testing Requirements
3. Next meeting: Friday January 23rd
